- Compatible with most smartphones and tablets

Get Tutor.com for your mobile device at
www.tutor.com/mobile

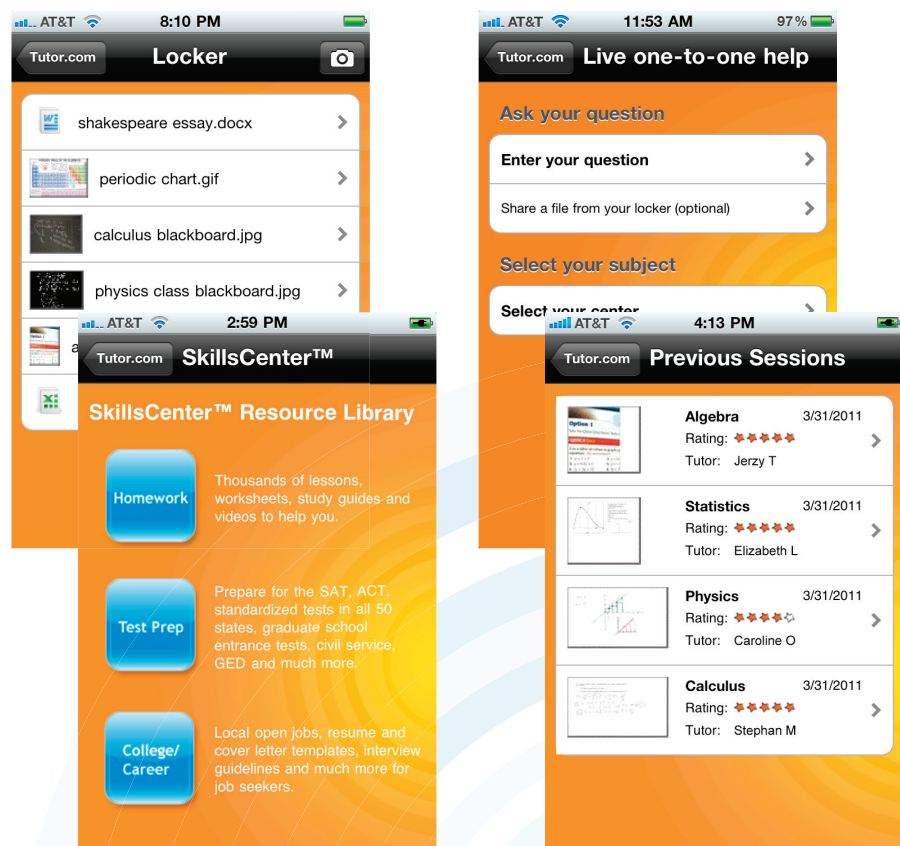

Tutor.com Mobile is available to those with an active Tutor.com account. Eligible U.S. Military Families may sign up for a FREE account by visiting www.tutor.com/military.

Tutor.com Mobile enables students to have a rich learning session on their mobile device that includes connecting to a tutor for a live session. A student can text-chat, share files from their mobile locker and share websites with their tutor. Tutors can share a whiteboard, files and websites.*

- **Instant Connection** - Connect to a tutor live on any mobile device.
- **Mobile Locker** - Students can use their device to take a picture and then store it in their mobile locker. They can also store other files such as essays, spreadsheets and presentations to share in a web-based or mobile session.
- **Save and Review Sessions** - Sessions are automatically saved and available to review 24/7.
- **24/7 SkillsCenter Resource Library** - When students want to work independently, they can browse thousands of resources—including study guides, practice worksheets, and videos—right from their phone.

“I love this! I can be in the waiting room of a doctor’s office and connected to a chemistry tutor!! :)”

“I am definitely recommending this app to all of my friends! I really struggle with math and this is the perfect solution! THANKS SO MUCH!”

“This was my first time using this, and I LOVE it. I especially like that it works well on my iPad. Thanks!”

“This is soooooo cool! Within a few seconds, I got an answer! Amazing and awesome! I would recommend this to anybody!!!!”

* Features are dependent on the capabilities of the device. Smart phones display chat and a tutor can share the whiteboard but it is not real-time interaction. Tablets have chat and the whiteboard is interactive. Android 3.0 can share files/pictures.
